FOUNDATIONS OF OLIVE THEORY COSMETICS – OLIVE OIL, POMACE, AND SCIENCE

Olive Theory – a premium cosmetic line based on our world-award-winning Chiavalon Organic extra virgin olive oil, bioactive elements of olive pomace, and science.

We found inspiration in what has always been part of our family – in the olive and our passion for excellence. Not only in its oil but also in the pomace, rich in bioactive compounds that science is just discovering, and nature generously provides.

From this connection, Chiavalon Olive Theory was born – from olive tree to skin: a line of cosmetics that combines our top-quality Organic extra virgin olive oil and active ingredients from the pomace with a modern scientific approach.

Everything begins with the olive – the sacred tree of the Mediterranean, a tree that has shaped our landscapes and lives for centuries.

We follow the principle “nothing is made without reason”: simplicity, knowledge, excellence, and tactile pleasure are present in every product. In this balance of old and new, tradition and technology, natural and scientific, our skincare philosophy was shaped.

OLIVE THEORY KOZMETIKA – MASLINOVO ULJE, KOMINA I ZNANOST

Olive Theory – premium kozmetička linija temeljena na našem svjetski nagrađivanom Chiavalon Organic ekstra djevičanskom maslinovom ulju, bioaktivnim elementima komine masline i znanosti.

Inspiraciju smo pronašli u onome što je oduvijek bilo dio naše obitelji – u maslini i našoj strasti prema izvrsnošću. Ne samo u njezinom ulju, već i u komini, bogatoj bioaktivnim spojevima koje znanost tek otkriva, a priroda daruje velikodušno.

Iz te povezanosti rodila se Chiavalon Olive Theory – from olive tree to skin: linija kozmetike koja spaja naše vrhunsko Organic ekstra djevičansko maslinovo ulje i aktivne sastojke iz komine s modernim znanstvenim pristupom.

Sve počinje s maslinom – svetim stablom Mediterana, stablom koje je kroz stoljeća oblikovalo naše krajolike i živote naših predaka.

Vodimo se načelom „ništa nije napravljeno bez razloga”: jednostavnost, znanje, izvrsnost i taktilna uгода prisutni su u svakom proizvodu. U toj ravnoteži starog i novog, tradicije i tehnologije, prirodnog i znanstvenog, oblikovala se naša filozofija njege kože.
